GENESIS
ATHENS
CLINIC

FOR US EVERY BIRTH
IS THE PROOF OF FAITH,
LOVE AND CARE
FOR FAMILY AND LIFE.

We are pleased to inform you about a cooperation between **Terazije** clinic and **Genesis** clinic from Athens.

Genesis Athens IVF is a state-of-the-art fertility center recognized for its pioneering advancements in assisted reproduction.

With a strong team of world-renowned specialists, embryologist, cutting-edge technology and a patient first approach, **Genesis Athens IVF** has helped thousands of couples achieve their dream of parenthood.

embryologist, cutting-edge technology and patient first
In partnership with **DR STEFANOVIC**, **Genesis Athens IVF** is proud to offer Serbian patients the opportunity to receive world-class fertility treatments while benefiting from expert guidance and preparatory care in Serbia, in Belgrade.

This partnership ensures a smooth and stress-free experience for patients, minimizing travel requirements while maximizing success rates.

MEET OUR PROFESSIONAL TEAM

DR TOMISLAV STEFANOVIC is a highly experienced obstetrician-gynecologist based in Belgrade, Serbia, specializing in fertility treatments and reproductive medicine.

With a commitment to patient-centered care and advanced medical techniques, DR STEFANOVIC provides comprehensive support for couples seeking fertility solutions.

DR KONSTANTIN OS PANTOS is a founder & scientific director of Genesis Athens IVF, leading expert in reproductive medicine with decades of experience in assisted reproduction.

Founder of one of the most modern centers for IVF in Europe performing over 4000 IVF cycles per year, accepting infertile couples from all over the world, Europe, Australia and USA. He has pioneered numerous advancements in the field and has helped thousands of couples worldwide achieve parenthood.

PROFESSOR NIKOLAOS VRACHNIS, Professor of obstetrics and gynecology, University of Athens Medical School Prof. Nikolaos Vrachnis is an internationally recognized expert in maternal-fetal medicine and reproductive health. His dedication to excellence in IVF treatments ensures that each patient receives the highest standard of care at Genesis Athens IVF.

In addition to the headquarters in Athens, Genesis ATHENS operates in 4 other cities:

**HERAKLION / CRETE
ALEXADROUPOLI**

**LARISA
PATRAS**

These regional centers allow us to extend our expertise and provide continuity of care to patients from Greece and abroad.

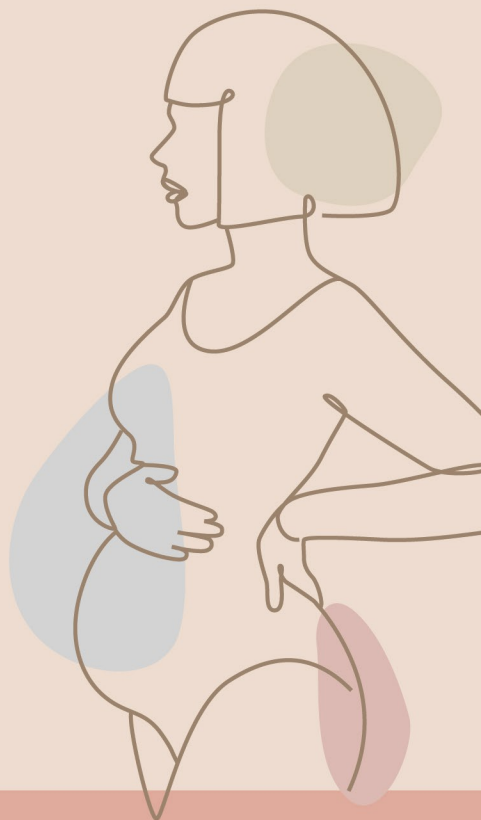

By choosing our centers during IVF program you can achieve a combination of relaxation, peace and rest with minimal stress which is more than necessary in order to achieve our common goals.
